

Configuring the Ignore Email List: Quick Start Guide

LinkPoint Connect: Cloud Edition (Exchange + Salesforce)

How to Configure the Ignore Email List

The Ignore Email List enables users to exclude email addresses and domains from consideration during Email and Calendar Sync processes.

1. Choose where you want to apply the changes: **Organization**, **Subscription**, **Profile**, or **My Settings**.
2. In the **Sync Jobs** section, click the **Ignore Emails** button.
3. Enter an email address or domain in the text box. There is no limitation to how many emails can be added.
4. Select the **Calendar Sync** and/or **Email Sync** checkbox(es).
5. Click the **Save** button to apply the changes.
