

# Searching Secondary Email Addresses: Quick Start Guide

## *LinkPoint Connect: Desktop Edition*

### Searching on Secondary Email Addresses

LinkPoint Connect supports searching based on secondary email fields in Salesforce to expand access to Salesforce records. This feature is off by default as it may impact performance.

1. Launch LinkPoint Assist and select **Salesforce** from the Components list.
2. Select the checkbox for **Email Fields** to search additional email addresses when record emails or displaying information in the Side Panel.
3. Click **Apply** and **Ok** to confirm the changes and to close LinkPoint Assist.

### Get more out of Desktop Edition...

We want you to use LinkPoint Connect: Desktop Edition to its full potential. Here are some handy resources to help you along the way.

- [Searching and Recording Based on Secondary Email Address](#): Record emails and display records in the Side Panel based on secondary email addresses in Salesforce.
