

Tracking Outbound Emails: Quick Start Guide

LinkPoint Connect: Desktop Edition

Tracking Email Opens with Real-Time Notifications

Use LinkPoint Tracker to receive real-time notifications from Leads and Contacts who have opened the email.

1. Create an outbound email and click the **Track Email** in the Microsoft Office ribbon.
2. Send the email to the intended recipients using **Send and Record** or **Send**.
3. Track email opens with the LinkPoint Tracker window.
4. Receive real-time pop-up notifications as your contacts and leads open emails.

Get more out of Desktop Edition...

We want you to use LinkPoint Connect: Desktop Edition to its full potential. Here are some handy resources to help you along the way.

- [Tracking Email Opens with LinkPoint Tracker](#): Track outbound emails that have been opened by one or more recipients.
- [Searchable Knowledge Base](#): Detailed articles for each LinkPoint Connect function
